"THE PERFECT CARBIDE BIT FOR ANY FASTENING OR RENOVATION JOB!!!"

The DURO u TEX drill bit is specially developed for efficient rotary drilling in a wide range of different materials in one operation without the need of changing the drill bit.

The special Plus-Point grinding of the carbide tip and the newly developed Turbo I flute give DURO u TEX users the advantages of extremely low drilling pressures, a self centering tip, high wearability, a strong cutting edge, and fast, easy removal of spoil. Ideal for cordless machines and any fastening jobs where drilling in different materials is necessary.

DURO u TEX works strictly with rotation, which is more protective to the environment, the operator, the machine,

PACKAGED IN INDIVIDUAL POUCHES WITH INSTRUCTIONS

GLASS CARBIDE BITS

SERIES 601GL BRIGHT FINISH

PART NUMBER	DRILL SIZE	O/A LENGTH	SHANK	PRICE EACH
